Advancing Classes (Weld Class)

Each heat ends when only 3 cars remain on the clock. Those 3 cars advance to the Main Event. Main Event Cars will have time to repair their cars before competing for final placing and payout.

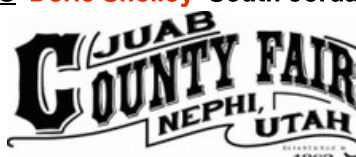

One & Done!

(Stock, Wire & Truck Classes)

This is a term that refers to a heat that does not stop until there is only one car left running. All cars earn their place and payout from their heat. They do not advance to a main event heat.
